Local COVID-19 Information Hotline

970-725-3755

If you think you have been exposed to COVID-19 and develop a fever and symptoms, such as cough or difficulty breathing, call your healthcare provider for medical advice.

Please CALL your primary care provider or the emergency room BEFORE going in person if you are experiencing COVID-19 Symptoms.

If you call 911, please let them know during the call if you are experiencing COVID-19 Symptoms.

The infographic features a teal background with a white silhouette of a person coughing into their elbow. In the top left corner, it says 'COVID 19 CORONAVIRUS DISEASE' and 'CORONAVIRUS DISEASE 2019 (COVID-19)'. A yellow box contains the text: 'Patients with COVID-19 have reportedly had mild to severe respiratory illness. Symptoms can include'. Below this, a dark teal box lists symptoms: '• Fever • Cough • Shortness of breath'. A white box contains the text: '* Symptoms may appear 2–14 days after exposure. Seek medical advice if you develop symptoms, and have been in close contact with a person known to have COVID-19 or if you live in or have recently been in an area with ongoing spread of COVID-19.' The CDC logo is in the bottom left, and the URL 'www.cdc.gov/covid19-symptoms' is in a yellow box at the bottom right.
